OUR STORY

Discover the excellence and reliability of Marc, your go-to brand for top-quality electrical appliances. With a legacy of trust and innovation, Marc has become a leading name in the industry, offering a diverse range of products to meet your needs.

Marc's Establishment and Market Presence

Established in 1981 in India, Marc enterprises Pvt. Ltd. is a professional, high-quality manufacturer, engaged in development and production of Fans, Water Heaters, Room Heaters & other Comfort Appliances with experience of producing millions of units. With over 50 million fans and 8 million water heaters in the market, MARC products have reached more than 60 million delighted customers.

Innovating Through Research & Development

The company develops and designs its products at its own Research & Development Centre by best-in-class Engineers. This also enables the company to design the right product for every application and need.

Marc's Exceptional Fan Collection

Experience the perfect breeze with Marc's exceptional fan collection. From ceiling fans to exhaust fans to table, wall and pedestal fans, different designs and colours, for diverse use, be it drawing rooms, dining rooms, bedrooms, bathrooms, kitchens, offices etc. MARC fans come with various safety features and energy savings. They are built with hi-grade materials such as aluminium & mild steel blades, copper motor, aluminium filled die-cast rotors and Weather Resistant Powder Coating.

From the sleek and modern Designer Collection to the energy-efficient and high-performance Premium Collection, we have a fan for every room and style.

FANS FOR YOUR
Dream Home

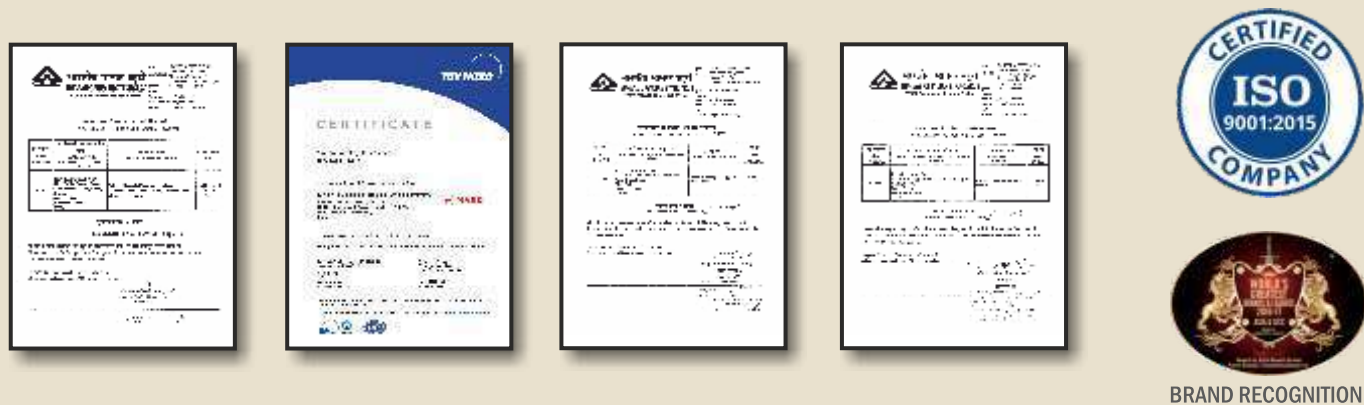

STATE OF THE ART PRODUCTION FACILITY

Our renowned state-of-the-art manufacturing facilities, which adhere to ISO-9001-2015 standards specializes in electrical appliances, particularly fans and water heaters. With years of experience and expertise in the industry, Marc Enterprises has become a trusted OEM and ODM for various top brands. In addition to catering to the domestic market, the company has also established itself as an exporter of these high-quality products.

Join the millions of satisfied customers who have made Marc their preferred choice for electrical appliances. Experience reliability, innovation, and style with Marc, your trusted companion for a comfortable and efficient lifestyle.

AWARDS & CERTIFICATIONS

Mr. B.Saha

“ MARC Fan is one of the best fan in future Market
Thank you, Marc, for quality that stands the test of time! ”

Mr. Rakesh Dhingra

“ People really like Marc products! Our customers often tell us how much they enjoy using them. The designs are cool, and the features are helpful. Marc products aren't just useful; they're fun to have, and that makes our customers happy. ”

Mr. N. Ramesh Ji

“ Working with Marc has improved our reputation a lot. Customers see the quality and style in Marc products, and it reflects well on us. It's not just about selling products; it's about selling something our customers are proud to own. Marc has become a symbol of quality and style for us. ”

Mr. Nirmal Kumar Doshi

“ Marc products work really well. Our customers keep telling us how happy they are with the quality. Marc delivers products that keep working and make our customers happy. It's made a big difference for us. ”

Mr. Hitesh Jain

“ We have been distributing Marc products for several years now, and our customers continually express their satisfaction with the remarkable durability of these items. Marc products consistently stand the test of time. Our clients appreciate the longevity and reliability that come with every purchase. ”

Mr. Ajay Kumar Singhal

“ Marc always comes up with cool ideas! Our customers notice and appreciate the little extra things Marc puts into their products. Whether it's a new feature or just a smarter design, Marc is always thinking ahead. It's these little innovations that make our customers choose Marc again and again. ”

Mr. Abhay Singhal

Mr Sudhrshan Fomra

“ Dealing with Marc products has been a big win. They always work well, and our customers keep coming back because they know they can rely on what they're getting. It's nice to have products that consistently make us look good as a partner. ”

OUR COLLECTION

Designer Collection

Exquisite designer fans with opulent finishes and intricate designs, serving as both functional appliances and elegant decor pieces.

Decorative Collection

Fans designed to enhance room aesthetics with decorative elements.

Standard Fans

Affordable, basic ceiling fans designed to provide reliable cooling for cost-conscious consumers.

Table, Wall Pedestal Fans

The complete range of table, wall, and pedestal fans includes a variety of versatile and space-efficient cooling solutions, with table fans offering personal comfort, wall fans optimizing room airflow, and pedestal fans delivering flexible cooling options.

Personal Fans

Small, personal-sized table/desk fans tailored to individual comfort.

Premium Decorative - Anti Dust

Ceiling fans equipped with dust-repellent technology for easy maintenance with luxurious finishes and unique aesthetics.

Work Horses: High-Speed Range

Powerful fans engineered to deliver exceptional air circulation and rapid cooling.

Farrata Fans

High-velocity fans known for their robust performance and ability to create strong air movement.

Ventilation & Exhaust Fans

Ventilation and exhaust fans designed to enhance indoor air quality by effectively removing pollutants, odors, and moisture from enclosed spaces, promoting healthier and more comfortable living and working environments.

WHAT MAKES MARC FANS SPECIAL

Quality & Durability

Our fans have high-quality construction, using durable materials that ensure longevity and reliability. This includes robust motor systems, sturdy blades, and well-engineered components.

Design and Aesthetics

We offer a range of stylish and aesthetically pleasing designs to suit different interior styles and preferences. We focus on blending functionality with visually appealing elements, offering a variety of finishes and blade designs.

Performance and Efficiency

Our fans are designed to provide optimal performance and energy efficiency. This include features such as multiple speed settings and efficient airflow patterns to maximize cooling.

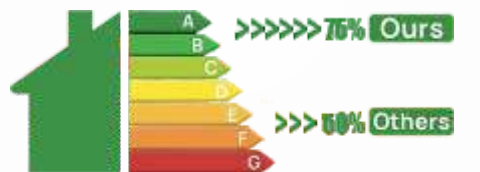

Innovative Features

Our Fans differentiate themselves by incorporating innovative features like BLDC motor, BEE rated energy efficient high speed ceiling fans, noise reduction mechanisms, or advanced motor technologies for quiet operation.

Customer Service and Warranty

Marc emphasizes on excellent customer service, providing reliable support, warranty coverage, and assistance.

Enhance Air Quality : Create a breath of fresh air in your home with Marc Ventilation/Exhaust Fans. Designed to combat humidity, odors, and indoor pollutants, Marc fans offer a range of features to ensure optimal air circulation and ventilation. With their high-performance features, energy efficiency, and thoughtful design, Marc fans offer a comprehensive solution to enhance indoor air quality. By selecting the right type of fan based on your specific needs, you can create a healthier and more comfortable living environment for you and your family.

HOW TO CHOOSE THE RIGHT VENTILATION/EXHAUST FAN FOR YOUR HOME

Room Size

Consider the size of the room where the fan will be installed. Marc offers a variety of fan sizes to cater to different room dimensions, ensuring optimal air circulation.

Application

Identify the specific purpose of the fan – whether it's for kitchen ventilation, bathroom exhaust, or general air circulation. Different areas of your home may require specialized fans with varying extraction capacities.

Noise Levels

Evaluate the noise levels of the fan, especially if it will be installed in a bedroom or living room. Marc fans prioritize quiet operation, contributing to a peaceful living environment.

Energy Efficiency

Opt for energy-efficient models to save on electricity costs in the long run. Marc Ventilation/Exhaust Fans are designed with energy efficiency in mind, providing a balance between performance and power consumption.

Aesthetic Considerations

Marc offers a range of stylish designs to complement your home decor. Choose a fan that not only serves its functional purpose but also enhances the visual appeal of your living spaces.

NOTES

We at MARC believe in customer satisfaction and we consistently strive to achieve it with quality assurance and after sales service.

Quality Assurance

Our philosophy of 'Customer First' leads us to build fans, water heaters and appliances with multiple safety features, high grade materials and energy efficiency ensuring long product life. The entire manufacturing process goes through a series of stringent quality checks and process maintaining all standards providing assurance of a quality product.

After Sales Service

We at MARC have a strong network of customer support and are sure to delight our customers for years to come. We follow standardised customer support processes and with a network of MARC Authorised Service Centres, we provide direct and quality after sales service to our customers.
